EDUCATION

Lakshmi Narain College of Technology & Science   **Bhopal, Madhya Pradesh**
B.Tech in Computer Science(Cyber Security)   *Expected Graduation, May 2025*
CGPA: 7.17

PROFILE SUMMARY

Targeting **Full stack Developer** roles with an organization of high repute with a scope of improving knowledge and further career growth.

- Python Developer **(Python, Django)** with a strong background in building scalable web applications
- Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance.
- Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions

PROJECTS

Voting System   **June 2024- July 2024**
Tools: Django, Python, Bootstrap, CSS
A full-featured voting system application enabling users to register, authenticate, and manage their votes seamlessly.
Responsibilities:

- Developed the front-end using Bootstrap & HTML, creating a responsive and intuitive user interface.
- Managed the backend entirely with Django, handling data storage, retrieval, and user management efficiently.
- Utilized Redux for state management to ensure consistent and predictable application state.

Recruitment System   **April 2024 – May 2024**
Tools: Django, Python, HTML, CSS
A sleek and intuitive web application allowing users to easily manage job postings, applications, and candidate information for seamless recruitment.
Responsibilities:

- Developed the front-end using HTML & CSS, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.
- Implemented real-time job listing updates for accurate and current recruitment information.
- Added swap functionality to quickly interchange job seeker and recruiter roles.
- Supported multiple job categories to cater to a diverse user base.

ACADEMIC ACHEIVEMENTS

- Earned a certification in **Cloud Practitioner Essentials**, demonstrating proficiency in cloud technologies.
- Led a project team, organizing and managing various projects, enhancing the team's efficiency and project outcomes.

SKILLS

Programming: Python, HTML/CSS, SQL, Django
Tools: Visual Studio, PyCharm, AWS, Git
